

## Homework #12: Beginning iPhone Development with Swift

### Due: Apr. 26, 2018

#### Preliminary

- Electronic submission of coding assignments will be through Canvas. Please upload a single .zip file containing project code. The zip file should be named with your (lowercase) first initial and last name, e.g. pdeleon.zip.

#### Notes

- As a reminder, final app proposals are due 5:00pm Friday April 20, 2018.
- As a reminder, office hours are on Monday 1:30 - 2:30pm and Thursday 9:30 - 10.30am.
- Please return your completed “Student Lecture Evaluation” scoring sheet after the lecture on April 24. All scoring sheets are due no later than Thursday April 26.

#### Week 15 Lectures

Irving Delgado and Prof. De Leon (Chapters 34 - 36)

#### Assignment

Submit the app at the end of Chapter 30. We will not cover “Chapter 31: Polishing the App” which finishes the MyLocations app. However, students may wish to review it for completeness.

1. Read Chapter 29 and develop the MyLocations app.
2. Read Chapter 30 and develop the MyLocations app.
